H. ZADIG REPORTS
CONDITIONS GOOD

"Since my visit three months ago I note a wonderful improvement in the Rescue," said Harman Zadig this morning. On the 1050 level, both east and west, there is four feet of ore running from \$40 to \$60. The raise from the 1050 shows four feet of ore running \$42.

"On the eleventh level in the Maggie May claim of the Rescue-Eula it looks as though we are getting into a body of ore. I am confident that the Rescue is a coming property and that its stock will soon sell at an advanced price.

"A pump with a capacity of 1000 gallons a minute has been purchased for the Tonopah Bonanza shaft and will soon be installed. This is a larger pump than we need at this time, but we want to be prepared for any emergency. As soon as the pump is in place we will crosscut north and south as well as continue to sink.

"The North Star is looking very promising. On the 1050 Mr. Lowe has passed the fault and seems to be getting into the vein. You will remember that a long time ago I prophesied that silver would go to a dollar. Now I believe that it will go to par at the conclusion of the war."

Frozen water pipes thawed with electricity. Lundie Bros. 26-47

GREATER FACILITIES
THAN ALL THE WORLD
FOR MUNITION MAKING

(By Associated Press.)

NEW YORK, Feb. 12.—"Insofar as the fundamental basis upon which emergency military and naval defense preparations must rest, the United States is in far better position than any other nation has ever been in times of peace," is the opinion of Guy E. Tripp, chairman of the board of the Westinghouse Electric and Manufacturing Co. In a statement here today Mr. Tripp said:

"So far as my knowledge goes, there are in this country greater facilities already established, operated by large organizations, having experience in the manufacture of munitions of war than has ever before existed in any country not actually at war. As to our own company alone we have facilities immediately

available, which have a proven capacity of 2000 six-inch high explosive shells per day, and there will be on April 1, additional facilities with a proven capacity of 5000 eight-inch and 125 12-inch explosive shells per day.

"The New England Westinghouse Company, which is now engaged in manufacturing rifles for Russia, has an ultimate capacity of between 6000 and 7000 per day.

"Our company is only one of a great many large manufacturing organizations which have created facilities for the specific purpose of manufacturing munitions and have had two years experience in the work. This constitutes a fundamental basis of preparedness which should be very reassuring."

TEN MILLIONS ARE
FACING STARVATION

(By Associated Press.)

NEW YORK, Feb. 13.—Despite orders from Baron von Derlacken, civil governor of Brussels, barring Americans from connection with the Belgian relief distribution, over 10,000,000 persons who have been fed through the efforts of the American commission, will suffer no immediate hardships. Herbert Hoover, chair-

man, now in the United States, plans to transfer the control of this work to another neutral organization. Six weeks supply of food, valued at \$25,000,000 is stored. Belgian officials will be authorized to distribute it. Americans will continue obtaining funds to co-operate with the new organization.

MASKED MEN BLOW THREE SAFES
FOR THE MOONEY DEFENCE FUND

(By Associated Press.)

SAN JOSE, Feb. 13.—Three masked men bound and gagged five employees of the car barns of the San Jose street railway company at three o'clock this morning, broke open three safes and escaped with one day's receipts, amounting to \$800. The receipts of two previous days have been banked. One robber remarked: "We are grabbing this for the Mooney defense fund."

According to John Martin, night inspector of the plant, who lay bound on the office floor, the remark was not taken seriously.

The robbers worked 45 minutes. The captives finally were tied in a street car, where they were found when the day force reported. The leader, who blew the safes, was a man of exceptional size.

AMERICAN MADE ZEPPELINS WILL
BE THE NEXT ACCOMPLISHMENT

(By Associated Press.)

WASHINGTON, D. C., Feb. 13.—Promises of co-operation with the government in its efforts to develop successful Zeppelin type aircraft for the army and navy made by leading American airplane and rubber manufacturers at a conference with Rear Admiral David W. Taylor, chief constructor of the navy and head of the joint army-navy board investigating the dirigible problem. A preliminary survey of the materials and plants available was begun, and the manufacturers expressed belief that big aircraft similar to the German machines could be turned out.

Officials view the Zeppelin problem more as a commercial than a scientific one. With funds available and the co-operation of plants they appear to feel certain of their ability to construct ships that could duplicate the performances of the German craft in durability and length of flight.

Much information has been received from England and elsewhere as to the nature of the Zeppelins brought down during the present war. Fragments of the frame of one destroyed near London, have reached the navy department, showing the peculiar trussed-girder construction of an aluminum alloy to reduce weight and yet secure rigidity.

Some of the German craft are said to attain upwards of 1000-horse-power furnished by gasoline motors. Since American automobile manufacturers have made rapid power recently in reducing engine weight without reducing powers, no fears are expressed that the efficiency of the German engines can be equalled.

The only dirigible craft for which the navy has contracted is a semi-rigid machine for school purposes. It still is to be delivered to the aviation school at Pensacola.

High Cost of Living in Berlin
Has Reached Acute Stage

(By Associated Press.)

STOCKHOLM, Feb. 13.—Food conditions in Germany have gotten greatly for the worse in the last five months. The correspondent of the Associated Press, who has been away from Germany since the first week in August, has just returned from a stay of three weeks in Berlin. He found that many staples of food had altogether disappeared from the markets.

Maximum prices of foodstuffs controlled by the government are still very low for potatoes and bread, and comparatively low for meats. Potatoes cost only 72 cents, the standard bushel of 60 pounds, and bread a little less than 3 1/2 cents a pound. But the potato allowance is insufficient for persons who have little but bread and potatoes to eat, and has to be eked out with turnips. It had been hoped to allow one egg a person each two weeks in Greater Berlin, but the last one-egg allowance was made some five weeks ago and another is not promised until February. When the correspondent

left Berlin in August, it was still possible to buy cheese. Since the end of August there has been no cheese on the market. It is said that considerable quantities are being imported from Holland, but it goes apparently to the front except for small quantities allowed the restaurants and hotels.

Another serious reduction of available foodstuffs has been the expropriation for control by the government of all canned vegetables. Four or five weeks ago the dealers were permitted to sell a fractional part of their stock, but only two cans on each bread card.

The weekly allowance of meat of all kinds in the Greater Berlin municipalities runs from 5 1/4 to 8 3/4 ounces. The cheapest varieties cost about 60 cents a pound, the dearest 72 cents.

One of the most serious deprivations continues to be the lack of fats and oils. The weekly allowance of butter and margarine together is a little less than three ounces a person. Oil is so expensive that it is

PUMPING PLANS
ARE CONSIDEREDREVIVAL OF A PLAN THAT WAS
DISCUSSED BEFORE THE
VICTOR WAS ABSORBED

The experience of the Great Western, Tonopah Western and West Tonopah mines in the lower western section of the camp since the blizzard of December has revived the suggestion that a pumping association be formed for the purpose of distributing the costs of unwatering the mines out on the flat. The troubles of the Great Western have become common talk, but the fact is that the company was making excellent progress until every time lateral work was to be resumed the power went down and the pumps were drowned. Then the Victor has had similar trouble and the Bonanza is preparing for a campaign to meet the heavy flow that is bound to come as the shaft goes deeper. The suggestion that has been taken under advisement is to establish a central pumping plant at the Bonanza with an equipment capable of handling 1000 gallons a minute. This would give approximately a lifting capacity of 1,500,000 gallons daily, or sufficient to hold the flow under control.

Manager Magee, of the Great Western, was fortunate in securing a 350-horse-power motor in San Francisco, which will advance the work on that property by increasing the lifting and enable the company to install pumps of heavier calibre instead of numerous smaller pumps as is the case now. The trouble has been to secure delivery of motors as all companies engaged in their manufacture are from four to six months behind orders and no bookings will be made for less than six months delivery at the earliest and then the manufacturers will not pledge themselves with a penalty. The 350-h.p. motor found by Manager Magee was only used a short time and is as good as new.

MOONEY BREAKS
DOWN AND CRIESSENTENCE DEFERRED UNTIL
AFTER ARGUMENT FOR NEW
TRIAL IS HEARD

(By Associated Press.)

SAN FRANCISCO, Feb. 13.—Sentencing of Mooney has been indefinitely delayed by pending arguments for a new trial next Monday. His counsel has asked for another trial on the basis that new evidence is said to have been discovered.

Mooney broke down for the first time when he entered the court room. He put his arm around his mother. Tears were coursing down his cheeks as he took his seat and he sobbed aloud.

NEVADA EDITORS
ELECT OFFICERSNEXT MEETING OF PRESS ASSO-
CIATION WILL BE HELD AT
WINNEMUCCA

(Special to The Bonanza)

(By Associated Press.)
CARSON CITY, Feb. 13.—The Nevada Editorial Association at its session today elected V. L. Ricketts, Goldfield Tribune, president; George Russell, Elko Independent, vice-president; Val Pittman, Tonopah Miner, secretary. The executive board consists of T. D. Van Dervort, Carson Appeal; W. W. Booth, Tonopah Bonanza, and E. M. Steninger, Elko Free Press. The next meeting will be held in Winnemucca in September.

RUSHING TROOPS
INTO CHIHUAHUA

(By Associated Press.)

JUAREZ, Feb. 13.—All passenger traffic has been suspended on the Mexican Central between here and Chihuahua City to use the equipment for moving troops to Juarez, and into Casa Grandes country to oppose the advance of Villistas toward the border. Murgula will take command as soon as the troops are mobilized here.

out of the reach of the great majority. The correspondent paid \$3.12 for about two-thirds of a pint of hazelnut oil to be used for frying. Goose fat costs \$4.80 a can of 17 3/5 ounces, and is the only fat except vegetable oils, that can be bought without a card.

PERSONAL

H. ZADIG left this morning for his home in San Francisco.
CHARLES KIRCHEN returned this morning from a trip to Reno.

H. R. COOKE left for Carson City this morning on business before the Supreme Court.

H. CAL BROUGH and wife returned this morning to San Francisco. Mrs. Brough will be back in a few days.

MISS E. A. SIEBERT and Miss S. Oddie, of Mina, and their guest, Miss A. Seabury, of New York City, arrived this morning and are guests at the Mizpah.

JAMES C. ROBERTSON, the broker, who was confined to his home for several days with a bronchial attack, is again able to be at his office.

WALTER F. RICHARDSON, formerly linotype operator on the Bonanza, and later with the Goldfield Tribune, was a passenger on the northbound train this morning. He was on his way to New Jersey. He expects to return with a bride in about three months.

TWINS CHRISTENED

Yesterday was a great festival in the home of John Murko, in honor of the christening of twins born on February 7th. Father Diss officiated and the boys will henceforth be known as Victor Frank and Lawrence Emmanuel.

FUNERAL ARRANGEMENTS FOR
MRS. ROSE ANNA BRADLEY

The funeral of the late Mrs. Rose Anna Bradley will take place from the former residence on Idaho street Thursday morning to St. Patrick's Church, where requiem mass will be celebrated at 9 o'clock. The body will be taken to Belmont for interment in the family plot where the remains of her husband and two children are interred. It is expected that the burial will occur about five o'clock Thursday afternoon.

SUFFRAGE MEASURE
STRIKES A SETBACKSUSAN B. ANTHONY AMENDMENT
MEETS BAD LUCK IN THE
LEGISLATURE

(Special to The Bonanza)
CARSON CITY, Feb. 13.—The Senate judiciary committee reported the direct primary law favorably. It was made a special order for tomorrow afternoon. The bill exempting conductors, brakemen and locomotive firemen from jury duty passed the senate. The new Nye county salary bill was introduced in the assembly by the Nye county delegation. It is the same bill as first introduced, but effective January 1, 1919.

The assembly judiciary committee reported unfavorably the senate resolution asking that Nevada Congressmen vote for the suffrage amendment. Assemblyman Putney introduced a bill asking \$2400 for the Salvation Army.

GUNS ARRIVE FOR THE ARM-
ING OF MERCHANTMEN

(By Associated Press.)
NEW YORK, Feb. 13.—A large number of naval guns are being unloaded at the New York navy yard from railroad lighters. According to information emanating from the yard, they are intended for arming American merchantmen in case this policy is decided upon.

For Associated Press news read the Bonanza.

ONE MORE STEAMER

(By Associated Press.)
LONDON, Feb. 13.—The British steamer Foreland, 1900 tons, was sunk today.

DEATH OF POMOLOGIST

(By Associated Press.)
BERKELEY, Cal., Feb. 13.—Prof. Arnold Valentine Stuenkel, pomologist of the University of California, died from internal hemorrhage today.

AMUSEMENTS

BUTLER THEATRE

A star who has not been seen on the screen for some time will make his appearance at the Butler this evening. It will be beautiful and charming little Vivian Martin, the Peter Pan girl of the New York stage, in a Morosco-Paramount photoplay, "The Stronger Love."—A very beautiful girl dressed in a simple cotton dress, the handsome city expert and the stalwart, noble mountaineer, form the triangle which are the leading characters in this production, that brings up the interesting question: Which life will be the stronger, bigger and accomplish the most? Will the boy who leaves his backwoods surroundings and is refined by the culture of the university be the one? Or will the greater man be the one, who was born and raised in a Kentucky "mountain Johnnie" prove by his life that he has attained the finer qualities of manhood in the rough school of experience. A difficult decision for a professor of psychology to decide, but seemingly Nell Nervise's heart leads her to the best decision in the charming and sweet mountain love story, which ends in a stirring climax in this out-door photodrama, and leads to a most unexpected turn of events. The preliminary reel will be Burton Holmes Travels, "Going to Halifax."

Tomorrow's program will present the idol of Young America, Buffalo Bill—in a thrilling five-reel drama, depicting his Indian battle, last hunting trip with the Prince of Monaco, owner of Monte Carlo, and incidents of his home life; 5000 U. S. soldiers and Indians seen in actual warfare. Do not miss it. Price just the same. There will be the regular one matinee and two night shows.

NOTICE TO ALTAR SOCIETY

All members of the Altar Society of St. Patrick's Church are requested to assemble at the residence of the late Mrs. Rose Anna Bradley this (Tuesday) evening at 7:30 o'clock, also tomorrow (Wednesday) evening at 7:30 o'clock, for the recitation of The Rosary.

By order, MRS. W. S. HODSON,
MRS. J. R. BLAIR, President
Secretary. 1-13-17

SHERIFF THOMAS
GETS A SURPRISEDEPUTIES PRESENT HIM WITH
AN ARTISTIC GOLD-SILVER
BADGE OF OFFICE

Just a little gift to show that his deputies appreciate him was the offering made this morning to Sheriff Will H. Thomas when he entered his office at the courthouse. The presentation speech was a masterpiece of oratory rendered by Chief Deputy Nick Schade, but it did not require the nicely chosen words to advise the recipient that he had the affection and esteem of his office staff. The gift was in the shape of an official star, made of sterling silver, bearing on its face a heavy gold medallion with the legend "Nye County Sheriff, Nevada." On the reverse said appeared the inscription: "Presented to W. H. Thomas by his deputies, 1917."

FULTON GETS TECHNICAL
DECISION OVER WEINERT

(By Associated Press.)
NEW YORK, Feb. 13.—Heavyweight Fred Fulton, of Rochester, Minn., scored a technical knockout over Charley Weinert of Newark, N. J., in the second round of their scheduled 10-round match. The referee stopped the contest to prevent a knockout.

NOTICE TO CREDITORS

IN THE DISTRICT COURT OF THE United States for the District of Nevada.
In Bankruptcy, No. 251.
In the Matter of THE NEVADA NATIONAL MINING CO., a corporation, bankrupt.
To the creditors of The Nevada National Mining Company, of Millerton, in the County of Nye and district of Nevada, a corporation organized and existing under the laws of the State of Pennsylvania, a bankrupt: NOTICE IS HEREBY GIVEN: That on the 25th day of November, 1916, the said Nevada National Mining Company was duly adjudicated bankrupt; and that the first meeting of its creditors will be held in the court room of the District Court of Ormsby County, in the County Building at Carson City in said district on the 2nd DAY OF APRIL, A. D. 1917, at 10 o'clock a. m., at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt, consider the sale of all assets of said bankrupt's estate, at public or at private sale; to authorize litigation in behalf of said estate, and to transact such other business as may properly come before said meeting.
J. POULADE,
U. S. Referee in Bankruptcy, Carson City, Nevada, February 13, 1917.
WM. FORBES, Conceptor Nevada, Attorney for Bankrupt. F-13-14.
